

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

NOTES AND NEWS

Professor E. G. Spaulding, of Princeton University, recently completed a course of four lectures at the Brooklyn Institute of Arts and Sciences on the following topics: What Am I? What Can I Know? What Should I Do? and What Should I Believe? Professor Spaulding has also been lecturing before the People's Institute of New York City this winter, and will give a course on the Philosophy of Evolution at the Harvard Summer School this summer.

A new edition of Bradley's *The Principles of Logic* has just been brought out by G. E. Stechert & Co., of 151-155 West 25th St., New York City. This edition is an anastatic reprint of the original edition which was published in London in 1883, and which has been out of print for some time.
